

THIBAUDEAU PRAYER LETTER

March 2020

Dear Praying Friends,

BAPTISM OF FIVE ADULTS

We thank the Lord for five adults who were baptized in January. It was a blessing to hear the testimonies of faith in the Lord of each one. We are so grateful for the testimony of Murilo, who grew up in the church. He was active in the teen group and said he had trusted the Lord as a child. In his teen years, he had many doubts about his salvation. At the conclusion of a teen conference, he came forward to commit his life to Christ.

He came forward at church and gave his testimony. He asked if he could be baptized again in obedience to God's Word. He told that it had been difficult to admit that he hadn't been truly saved as a child. Now that he has truly trusted in Jesus, he is so thankful for the peace of God in his heart.

THIAGO'S HEALTH

We continue to ask prayer for Thiago's health. He has been hospitalized for three months now. He has made it through heart and spleen surgery but is still very weak and cannot walk. He is now able to eat on his own but is still dealing with Lupus and other conditions. Because of the spread of the virus in Brazil, his wife and parents are not permitted to visit him. Please pray for grace and healing for him and that soon he will be able to return home.

CHURCH LAND IN AGUAS ESPRAIADA

We thank the Lord for the progress made toward the purchase of church land in Aguas Espraiada. Five area churches have committed to help in the campaign to raise funds for property. We trust that, by the end of this year, there will be enough funds to purchase land for the church. They are thankful for the rented building that they have, but as the church grows, they are short on space for Sunday school classes.

In Christ,

Jeff and Becky Thibaudeau
