BAPTIST WORLD MISSION

God is faithful!

God has faithfully taken care of us, and we are in awe of how He worked during the past few months, bringing our support level to 92%! Thank you for praying for provision and trusting God in your giving. He is our unchanging and eternal Provider and Sustainer, regardless of earthly circumstances.

Ever-changing plans

In March, Maintirano shut down as a precaution to Covid. However, as Covid did not seem to reach here, restrictions lifted little by little, and by October, schools were allowed to resume and most things returned to normal. We were able to start up the long-awaited English classes again, but just a week later, positive Covid diagnoses were occurring here and restrictions tightened up again.

There had been big plans for the church here to celebrate its 10th anniversary, but due to the re-heightened restrictions, those plans whittled down to refreshments of cake and juice after Sunday morning. Our desire is to be faithful, no matter the circumstance, and trust God's power in His unthwarted plans.

Visas

Although many things change, visas are still required! The paperwork has been submitted; now we wait. Thankfully, the new procedure instated last year seems to have settled a bit more into place, making it a much smoother process for now. Please pray with us about the visas.

Blood Pressure Ministry

We are grateful we have been allowed to continue this ministry! It still proves to be a great way to engage older adults here. On average, we get to talk with about 50 adults each morning of the outreach.

Thank You!

We are encouraged by your faithfulness as we serve God together in all His fields. Thank you for praying and giving. Please continue to pray for us and for God to bring fruit in the ministries here in Maintirano. We pray you enjoy a wonderfully blessed Thanksgiving season!
